

3 Courses

Machine Learning Foundations for  
Product Managers

Managing Machine Learning Projects

Human Factors in AI

Sep 4, 2026

**Gianfranco Mileo**

has successfully completed the online Specialization

# AI Product Management

This Specialization provided a foundational understanding of how machine learning works, when and how it can be applied to solve problems, the data science process and best practices in guiding machine learning projects, and the ethical and legal considerations of working with AI. Your new skills should now help you successfully manage the design, development and launch of machine learning based products in your industry.

Jon Reifschneider  
Director, Master of  
Engineering in AI for  
Product Innovation  
Duke University's Pratt  
School of Engineering

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
